

The Museum Shop

We want you to enjoy your visit and visiting the museum shop is a part of the learning experience. However, we do recognise that it has the potential to be stressful for teachers and accompanying adults. We hope the following will be helpful to you in making your visit run as smoothly as possible.

- The museum shop is situated to the side of the café seating area on the ground floor
- Purchases are paid for at the till on the main reception desk
- Please be aware that staff and customers carry food and drink between the café servery (behind the reception desk) and the seating area
- Please stagger your class in small groups of 6-8 at a time
- Please encourage the children to keep an eye on their choice and cost to avoid disappointment
- Advise the children to have their money ready when they arrive at the till
- At lunchtimes the shop and café are very busy. We advise you to use the shop during your general visit in the morning or afternoon.
- If you don't have the opportunity to use the shop during a general visit and are short on time you might want to consider ordering your purchases in advance. Please ask us for a range of items and prices when you book your session. Once your order is confirmed, we will have it ready for you to pick up on the day of your visit
